This map is nonregulatory and is intended for planning purposes only

Impervious surfaces such as roads and buildings.

Rare or Endangered Wildlife*

Mapped observations of rare wildlife species.

Rare or Exemplary Plants and Natural Communities

Known rare, threatened, or endangered plant occurrences based on field observations.

Mapped features are based on field surveys and aerial photo interpretation.

Other Wildlife Habitat

Surveyed pool depressions used for breeding by amphibians and other indicator species and that portion of the critical terrestrial habitat within 250 ft of the spring or fall high water mark.

Forested area possibly used by deer for shelter during periods of deep snow and cold temperatures.

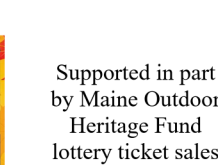

Breeding, migrating/staging, or wintering areas for inland waterfowl or breeding, feeding, loafing, migrating, or roosting areas for wading birds.

*Species and habitat labels are provided within and proximate to the town of interest.

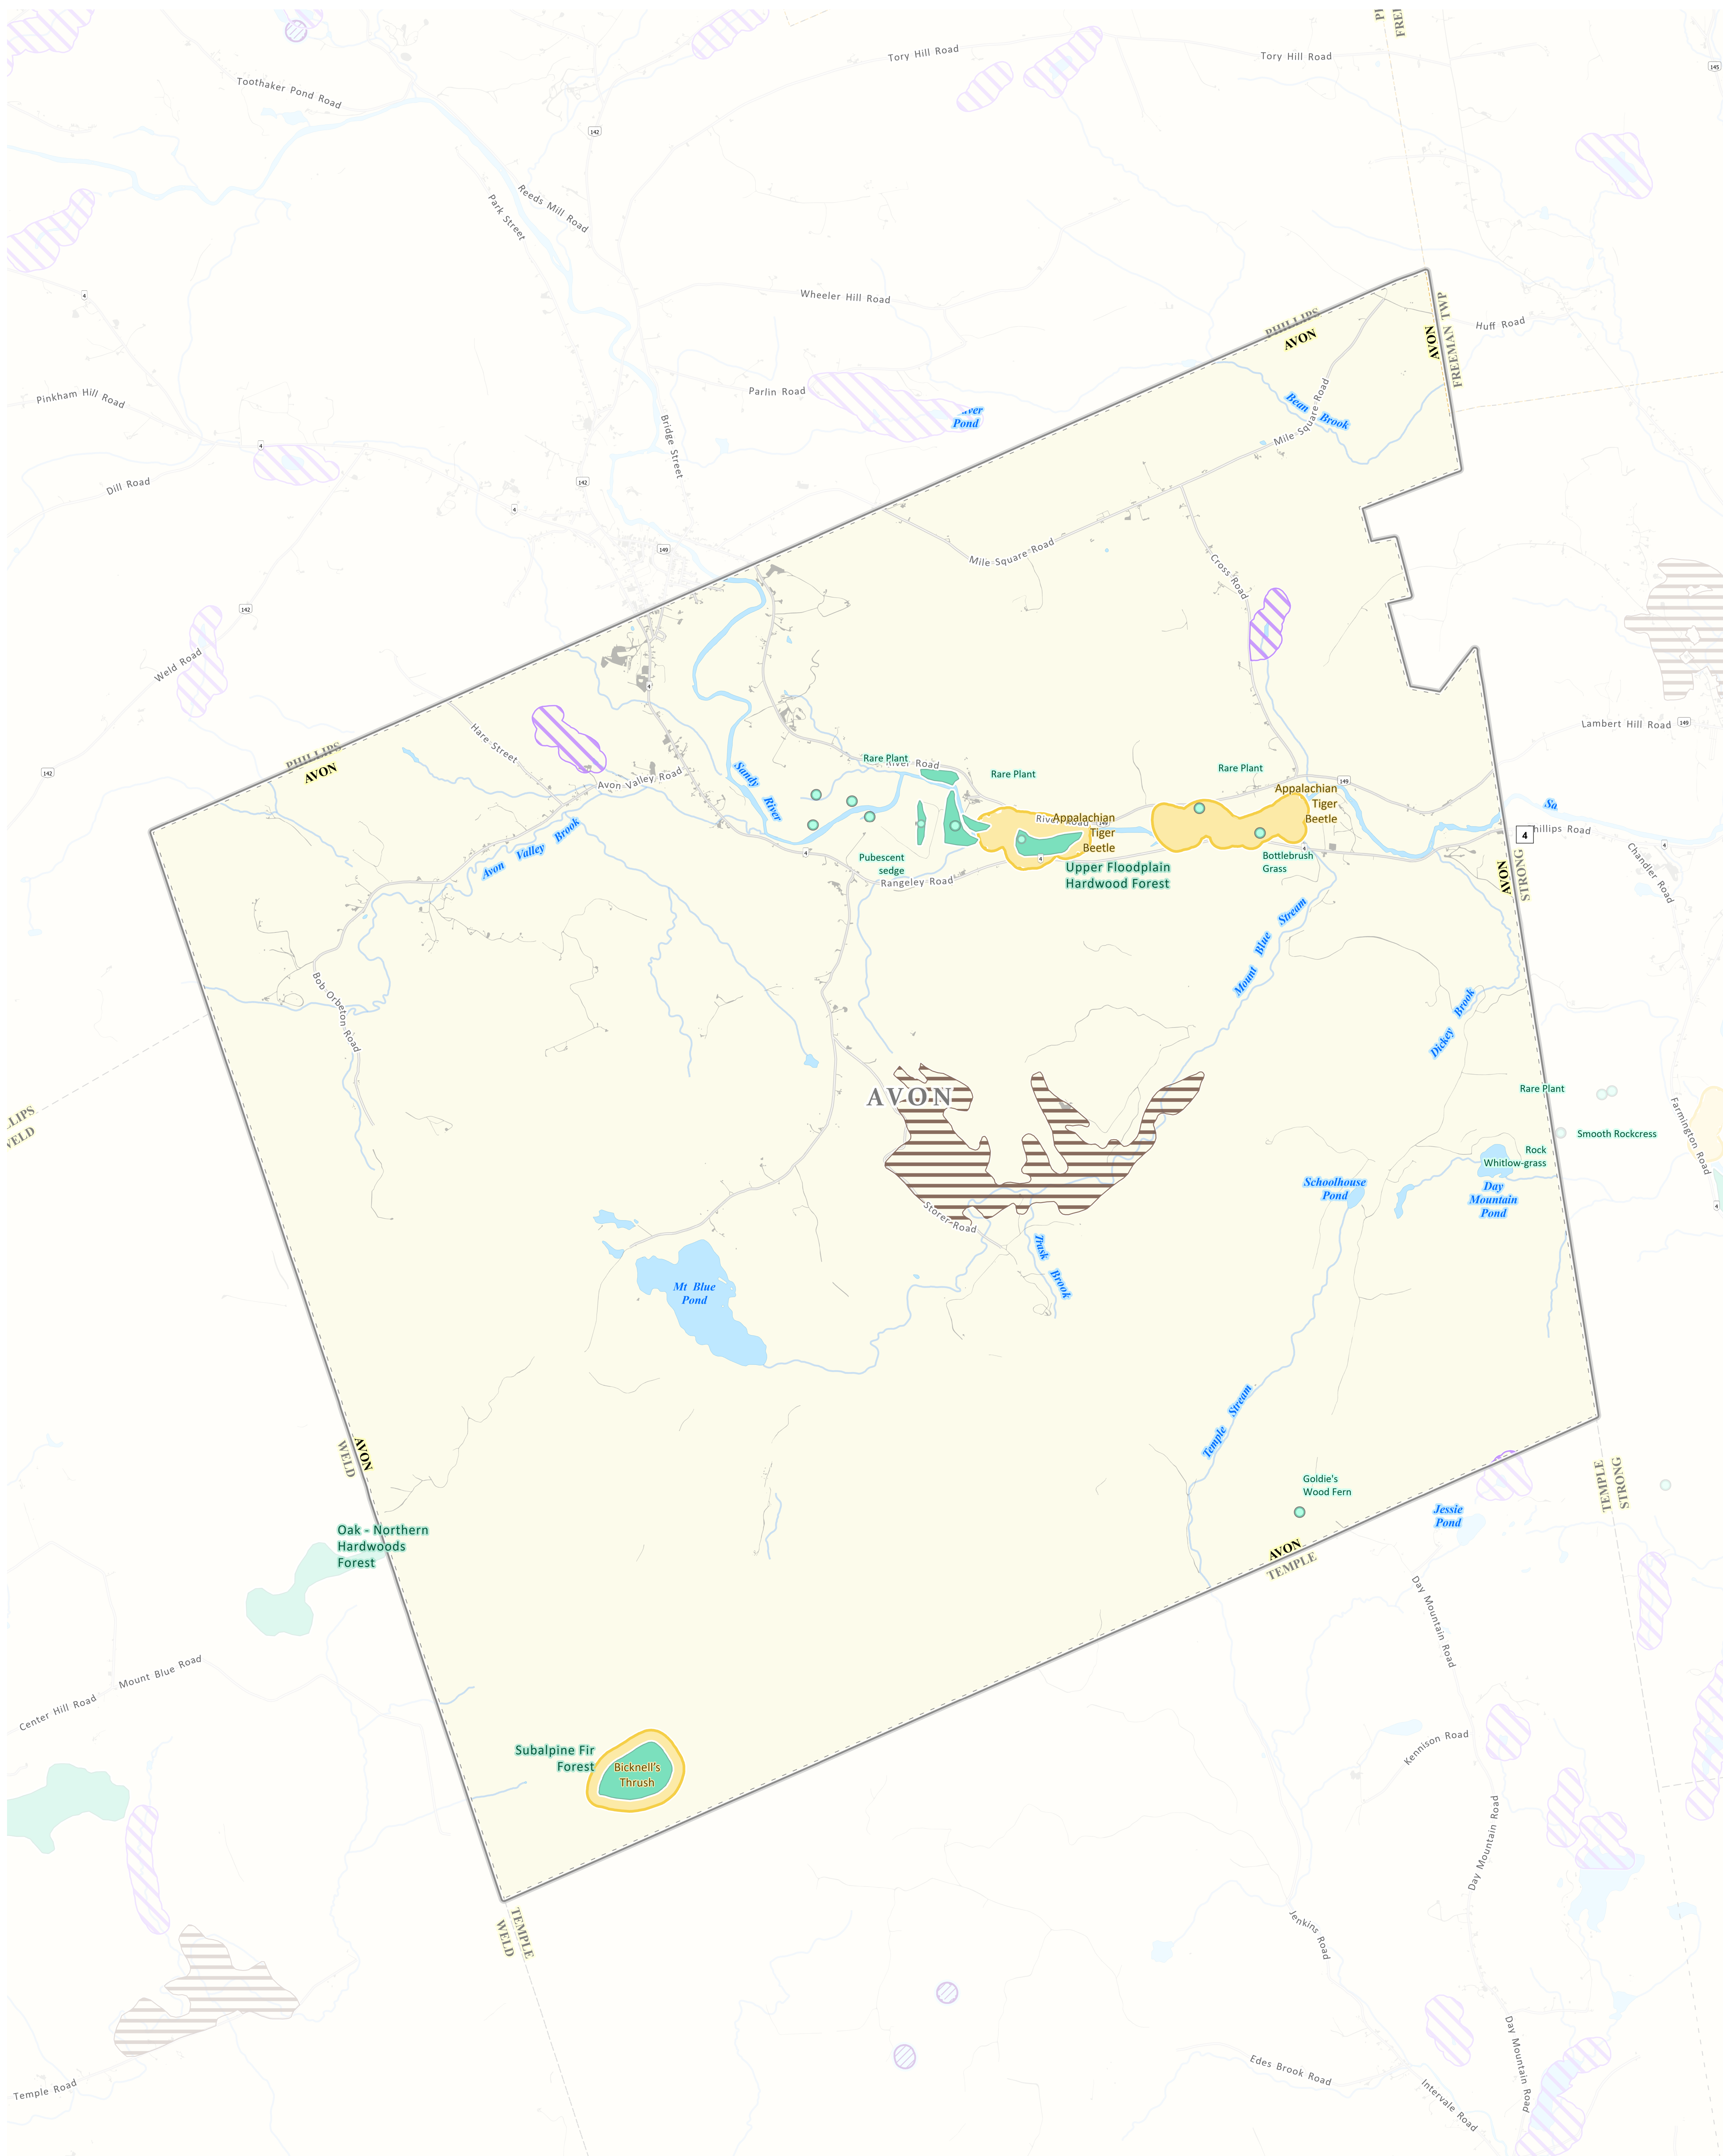

Contact the **Environmental Review** Team at the Maine Department of Inland Fisheries and Wildlife for information on fisheries, wildlife, and critical habitat resources related to potential development activities and regulatory processes. IFWEnvironmentalreview@maine.gov
