Real Property—Limit Of Liability

Covered losses are settled on a replacement cost basis (without deduction for depreciation) subject to the following:

2. If you have:
 - a. Maintained coverage on the real property at 100% of its full replacement cost by paying renewal premium to reflect the then current replacement cost. The current replacement cost of the real property will be based on the residential construction cost index provided to us by a major appraisal company; and
 - b. Notified us within 90 days of the start of any alterations to the real property which increase the replacement cost of the real property by 5% or more;

Then, if at the time of loss the residence value indicated in the Coverage Summary is less than the current replacement cost, we will:

- a. Increase the residence value to equal the current replacement cost the smallest of:

- b. Also increase the aggregate property limit by the same percentage applied to the residence value; and
- c. Adjust the policy premium from the time of loss for the remainder of the policy term based on the increased limit of liability.

"Current replacement cost" does not include any additional costs necessary to comply with any ordinance or law that regulates the construction, repair or demolition of the property.

3. We will pay no more than the actual cash value of the damage until actual repair or replacement is complete. Once actual repair or replacement is complete, we will settle the loss according to the replacement cost provisions above.
